INDEX

A

African-American girls and women athletic programs, participation in, 78
drop-out rates for, 81
employment of, 7
family income, contribution to, 7-8
government-funded education programs, 55
High School and Beyond Survey of reading skills, 35-36
socioeconomic status as issue, 57-62
teacher interactions with, 123-24
wage levels of, 7
AIDS and HIV as curriculum issue, 137-38
America 2000, 15
American Association for the Advancement of Science, reforms by, 112
American Indians formal curriculum, inclusion in, 117
government-funded programs, lack of information from, 55
socioeconomic status as issue, 60-62
Applebee, Arthur, 115
Asian girls academic performance of, 56, 59-60
athletic programs, participation in, 78
Athletic programs
African-American girls, participation by, 78
Asian girls, participation by, 78
benefits of, 78
coaching, 77
Hispanic girls, participation by, 78
National Education Longitudinal Survey, findings of, 77
participation in, gender differences in, 77-79
student perceptions of sex bias in, 77
Title IX requirements for, 12, 14, 77-79

B

Bailey, S., 149
Banks, James, 112
Belenky, Mary, 144
Bilingual education programs, 55
Blyth, D., 137
Brown, Lyn Mikel, 20
Bullying behavior by boys, 129-30

C

California Achievement Test (CAT), 92
Career plans by students mathematics field, 44-45
Science field, 44-45
Chief state school officers
selection of, 14
women as, 13
Child abuse as evaded issue, 142-43
Classroom curriculum
activities, impact of design of, 124-25
African-American students,
teacher interactions with, 123-24
attention to male students by
teachers, 119-20
bullying behavior by boys, 129-30
comments given to students, bias in, 120
connected learning defined, 126-27
cooperative learning, 127
cross-gender cooperation, 127-28
evaluation of students, bias in, 122
failure, student attitudes concerning, 124
learned helplessness in females resulting from, 122
math classes, 123
science classes, 123
self-confidence loss in females resulting from, 122
sexual harassment of girls, 129-30
student interactions, 128-31
successful teaching strategies, 125-28
teacher-student interactions, 119-24
videotaping of teachers, 131
College plans for students
gender differences in, 60-61
socioeconomic status as issue, 60-61
Community values as curriculum issue, 144-45
Contraceptive use as evaded issue, 134, 136-37, 141
Curriculum
AIDS and HIV as evaded issues, 137-38
child abuse as evaded issue, 142-43
classroom as curriculum. See Classroom curriculum
community values as curriculum issue, 144
contraceptive use as evaded issue, 134, 136-37, 141
earning potential, effect on, 7-8
evaded issues, 132-33
expression of feelings as part of, 142-45
formal curriculum. See Formal curriculum
generally, 25, 103-4
health issues, 138-42
homosexuality, 141
physical sciences, 25
sex education, inadequacy of, 135-36, 140-42
